

Data Submitted (UTC 11): 10/7/2022 11:20:35 PM

First name: Raymond

Last name: Read

Organization:

Title:

Comments: The proposed project would adversely affect one of the last best environmentally balanced places on this planet Earth. This will allow for further degradation a place most revered by generations of Montana And interstate recreationists. The Read family firmly believes that this project over steps the boundaries of the FS permit. Account us as no!
