First name: BULL

Last name: TROUT

Organization:

Title:

Comments: There's nothing more 'Soul-full' than sacrificing personal gain for the greater good. It builds humility and character. These are Montana values. These are Swan Valley values. These are the values of every individual who is taking a stand for the wildlife and ecosystem that don't have a say in the matter.

Someone asked what happened to the 'E' in POWDR. Maybe it stands for Ethics. Apparently that's been dropped from the equation.
