Comments: So...after attending the meeting in Seeley on Tuesday, I have some questions and concerns.

First...Mr. Steele stated that he/FS has not seen any money from the lodge. My question is why not? Isn't a condition of their lease contingent on receiving a percentage of what they make?

Second...what is the actual size of the area that is covered by the permit? How has it magically gone from 10 to nearly 19 acres? How can you just give away 10 acres of PUBLIC LAND?

Third....does POWDR plan to take over management of the campgrounds ? What gives them the authority to do this? What paperwork has been completed/submitted? I don't believe this should be entrusted to them/HLL. FS campgrounds need to remain under the management of the FS.

Fourth....who is the current owner of record for the lodge? Has the proper paperwork been submitted to transfer ownership? Christian W stated that he had NOT SOLD full ownership, but only shares.

Fifth....I want to categorically oppose the use of a categorical exclusion for this project. I (and 6000 others) DEMAND a full EIA!
