First name: Holland

Last name: Voisen

Organization:

Title:

Comments: I do not support the expansion of the Holland Lake Lodge. This is a very special place that I believe should remain true to its original charm. We do not need the excessive traffic or the further development of this area. There are other areas of Montana that could better support the type of traffic this would bring to Condon.

I believe we should protect this place, and it should remain one of the few untouched legacies still standing, not pillaged by out of state money and exploit . After all, my name is Holland I've been coming here my whole life, my parents named me after this lake.
