Comments: Dear Sirs:

Being a Montana Native, I respectfully request you to keep Holland Lake and other pristine Montana Public lands the way they are....Public, and not succumb to Greedy Mongers who are only looking out for their selfish selves and not for the priceless beauty these lands already are in their current condition, for all to enjoy!

For some reason I was under the impression the Forest Service was intended to look out for, protect and respect our public lands for us to enjoy and pass on.....am I wrong?

Thank you,
Beth Fowler
