Comments: Myself and my family are whole heartedly in opposition to the expansion of Holland Lake Lodge. I see nothing that assures me that the appropriate environmental, wildlife, aquatic and human impacts have been considered or evaluated in granting expansion.

My family have spend decades in the Holland Lake/Lindbergh Lake drainage back country areas and are deeply concerned about the impact of not just the immediate Holland Lake area but the surrounding forest and resources.

I would encourage the existing ownership partner to contract plans and limit them to improving the existing infrastructure, not expansion.
