Comments: There are several areas I would like to comment on

1. The falls Creek archeological area should be protected. The trails in the valley should be re-routed around archeological sites. Larger parking areas and outhouses should be installed.

2. Partial paving of the FS road to Animas overlook is a good thing. It would keep down the dust.

3. although there is a downhill bike trail already in existence, the proposed designated trail is a good thing. I would like to see more cross country trails established in the Log Chutes area. This is an old logging area with minimal impact recreation would have.

4. Winter non-motorized use of the jct crk road would be a good thing
