Comments: This project will destroy our mountains and culture. There is nothing good that will become of this. Wildlife will be decimated and killed. Erosion will overtake. Answer me one question please. "What good or positive thing will come from this? Greed? Thats got to be it. How is this project funded? Why are you doing this? Please do not allow this project to come in and destroy this beautiful land.

This is a FOREST SERVICE PROJECT?" Hardly. It's corporate greed at it's finest. We will protest this project to the maximum. I am contacting a powerful lawyer about fighting this. We will fight this. We will make the whole state and nation aware of the destruction of forest land AND wildlife. Stop this now.
