First name: Danny

Last name: Bobrow

Organization:

Title:

Comments: In a time of much needed untouched natural spaces it is criminal what you have planned here. You MUST not proceed and destroy an ecosystem. This all occurring while the touted environmental friendly democrats are in power, this action smacks of Trump politics and uncaring of environment.

Shame shame shame, do you not want your children to be able to enjoy the wonders and beauty of natural untrammeled environments.

Stop now

Sincerely danny j bobrow

Ps i do vote and will make myself heard anyway i can
