First name: Terri

Last name: Skinner

Organization:

Title:

Comments: Hello, I've been following your mission for years and am a stockholder. I was wondering if I could inform you of Hiring Information. You are going to need good Persons to complete your Fabulous Site Drilling and Renewal in the future (that I believe in). I have this idea about some good oil and gas workers here around Denver and State of Colorado who have had their positions ended, through political and/or financial or other reasons. Maybe you could make an All Points Bulletin to staffing and labor offices here in Colorado to seek interested and knowledgeable and strong healthy individuals with good Colorado ethics and supportive. I'm not in the hiring business, this just an idea that may be a good pursuit for your expanding mines and territory.

Good Luck and Thank You, Sincerely, Terri Skinner
