Comments: Please withdraw this project. In its current state it will negatively impact wildlife, wildlife habitat, people and the economy of this region.

Require an environmental impact statement.

Give priority to our wildlife and their habitat in the Greater Yellowstone Ecosystem.

Give special attention to bears, elk, moose, wolverines, and pine marten.

All this means no new roads!

Present a number of alternative plans.

Let the public know what you are planning and continue to gather public input.
