Title:

Comments: Please do not destroy this important habitat for bears, wolves, moose, wolverines, elk and so much more. Prepare a new EIS. We need this Gallatin forest. This project will go on for 15 years to benefit the logging industry. Let nature evolve as it will. Do not cut these trees. These trees are crucial habitat for birds, mammals that enrich our world. Every bird species in the US is on decline. Do not log this area. We do not need a new road. Please stop.

I have been to this pristine area recently. Preserve what we have. It is so rare now. The Yellowstone road has been repaired. We do not need any new roads. Come up with alternatives.
