Title:

Comments: Although I live in the NC Piedmont, I spend as much time in the Pisgah and Nantahala National Forests as possible. I'm an avid hiker, camper, fly fisherman, and grouse hunter. I fully support this project and others like it, although the 8% young forest seems a couple numbers too low. My two grouse dogs made me write that part. I'm retiring in a couple of years and look forward to spending much more time in western NC and seeing in person how this project affects the forest.
