First name: Angelis
Last name: Libster
Organization:
Title:
Comments: In support of exchange, but, with stronger adherence to the convictions our community holds widespread regarding conservation. Much better though, than the original proposal submitted in 2021.
The pressure still exists on the Crazies, from recreational to developmental interests and the burden of having so many new folks in town. There are still pertinent issues regardless of Smeller Lake now being federally protected.
Hope to see more good news in the future and thank you for all you do.
