Comments: To whom it may concern,

My name is Anne and My family and I enjoy recreating in the Stibnite area. It is essential these lands continue to provide clean air and water for future generations. The South Fork is irreplaceable and must be respected and protected. For these reasons, I request an extension of the 75-day public comment period-to a total of 120 days- for the Stibnite Gold Project Supplemental Draft Environmental Impact Statement (SDEIS). An extended review will help to better understand how the proposed mining project may affect your interaction with the area, and Thank you for your help.
