Title:

Comments: This will be a really excellent option, my guess is that it will support primarily local traffic as the in-town tourists will stick to Wanoga and Phils. It will also help to lessen pressure on the Bend trail system as it tends to get congested on the weekends. I understand the concerns of the ranches however these are public lands and I am sure that this will have very little impact on their ability to graze. Mtn Bikers tend to be conscious people and I hope will respect the fact that this land is multi-use.
