Title:

Comments: I was looking at some of the information presented for the Lemon Gultch project in Central Oregon. Having been a taxpayer to Deschutes County in the late 80's and into the 90's. and having seen firsthand the wonderful trail systems that have been put into place by Forest Service with help from local organizations, is a blessing to our Stae and Community. This commitment to broadening the State of Oregon's place as a great tourist destination and a wonderful place to call home is exceptional. I would love to see the Lemon system get built and am willing to contribute time, effort and money to see this through.

Please continue to move forward with the project.

Thank You,

Andy Sisavic
