Comments: Hi, I really feel that the Lemon Gulch trail system should be approved in its full version, Alternative #2. I feel the Prineville area and Crook county need more trails. I used to ride Round and Lookout when I was younger but now that I am 66 those trails are a bit much. It's kind of the same situation with Cougar creek, nice riding but pretty tough. I really going out to the Ochocos to get away from the crowds and always stop in Prineville at a local establishment after a ride.

Please approve the Lemon Gulch trail system!

Dr Steve Yenne
