Comments: I support the Lemon Gulch proposed mountain bike trail network in the Ochoco National Forest northeast of Prineville. I think the Alternative 2 (full build, 51.6 miles of trails) would give mountain bikers the best riding experience and presents the best chance to reduce crowding and conflict on other trails.

Living in Bend, I do ride in this area with the current limited trails. The Lemon Gulch would be a wonderful addition for me and many others to enjoy. I also will cause people from outside the area to enjoy the trails and contribute to Prineville area.
