Title:

Comments: My name is Eric Denton, I live in Pine Knot, Kentucky down KY Hwy 92 East. It is an absolutely beautiful place surrounded by mountains and Forrest ecosystems. I am completely against the clear cutting project for various reasons.

1. Removal of a large area of trees will up the risk for landslides and floods drastically in our area.
2. Clear cutting will re-locate many species of animals who are indigenous to that area.
3. The mountains and land was not man made and I don't believe we should mess with that.
4. The scenery is something I would like to share my children and nieces/nephews.

Please consider not going through with this project, me and many of my peers feel very strongly about this.

Thank you for taking the time to read this and please review all of our comments wholeheartedly.
