Comments: I just read and watched a video on the proposal about the lemon gulch mountain biking trail.. YES! Please go forward with it. As a mother of three boys we spend every weekend on the trails throughout Oregon on our mountain bikes. We even gravel to Washington to ride Bellingham trail system. If you build a good trail system for families of all age levels they will come. We spend money on food and gas and even occasionally a hotel room or VRBO. Not does it only boost economy your helping build memories for family. My boys ditched the video games and are all about moaning biking. It is a family sport. We stop and take lots of photos and I don't know a more courteous and kind group of people willing to help out and take care of the forest and trail systems. We would come ride if you build it.
