Comments: My family and I visit this area several times a year and have for well over 25 years. We are absolutely opposed to all THREE TYPES OF CLEAR CUTTING. We believe the area will suffer with landslides and flooding and not to mention what it will do with the tourism in the area.

Please DONT destroy such a beautiful landscape and jeopardize the residents lives.

I would like to mention that if the breathtaking mountains there are raped of the beauty that most of us city folks come there that would be just an awful , awful thing for YOU TO LIVE WITH...

PLEASE BE MINDFUL OF WHAT YOU ARE ABOUT TO DO!
