First name: Rick

Last name: Anon

Organization: Colorado River Area Trail Alliance

Title: Chair

Comments: As the chair of CRATA, I would like to throw our weight behind the development of Lemon Gulch and alternative #2. We, in Lake Havasu City, deal with a continued influx of people, both tourist and part-timers (snowbirds) and the fact that we offer a fantastic trail system for all groups has made this a popular place to visit and spend the winter for people of all ages.

Please remember that this land is our land and that when visitors come here, we open our arms and and share the wealth that is Havasu.

Thank you CRATA Havasu
