Comments: Hello,

As an avid mountain biker, I have realized how much this sport brings to my life and the community I live in. My friends and I love spending weekends around the state riding bikes, camping, and enjoying one another. Having an additional recreational area in the ONF would be a wonderful asset to Central Oregon and allow us to responsibly maximize the enjoyment of all this land has to offer. I would be so excited to have the chance to volunteer to help build and eventually use such a great trail system.

I hope you strongly consider how much of a positive impact this will have on the biking and hiking community and the economic benefit that will come to the Prineville area.

Thanks!
