Comments: To the Lemon Gulch Trail planners

Thank you all for your work on this project.

As a 71 yr old mountain biker who has rolled over 80% of the trails in the Central Oregon regional area, I welcome the new experience that your efforts portend,

Mountain biking keeps me alive !

As I am slowing more with age, I am also hoping to find places where I can ride a e-bike to extend my ability to do these outdoor adventures.

I do not see any plans to be inclusive of e-bikes and considering the mountain bike industry trends, I think that is a oversight for a clearly trending sporting group.

If there is room for ATV's out there, we ought to make room for e-bikes too.

Please consider all interested users in your planning.
