Comments: I oppose the land exchange because one of the primary beneficiaries is/are parties related to the Yellowstone Club. To see the complete destruction of Gallatin Gateway due to the Yellowstone Club's greed, including overtaxing infrastructure, turning US-191 into a killing field, loss of elk habitat and migration corridors, and loss of open space as service providers continue to build on ag land to get as close to the Yellowstone Club as possible (in actuality, they should be building at the south end of the canyon, at the Club and Big Sky).

Principals with Club connections are now developing the old Crazy Mountain Ranch...and stand to destroy Clyde Park, Wilsall, and the near wilderness state of the southern Crazies. Enough is enough. Put Montanans first.
