Last name: Drennan

Organization:

Title:

Comments: We are opposed to the proposed project. The Yellowstone Club has a very poor environmental track record. As does the Forest Service. You are always getting the bad end of a land swap deal. The YC has dozed a lot of forest, sucks up a lot of water and spews a lot of sewage. A developer is a developer regardless if wearing sheep's clothing. Don't do it.

Thank you
