Comments: Dear Slater Turner and the Ochoco National Forest,

I am writing to show support for the Lemon Gulch mountain bike trail proposal. From what I understand, the Ochocos are currently not providing the volume of non-motorized recreation trails specified in the forest plan. This trail system seems like a great way for the forest service to fill that deficit.

For me personally, I am also excited that the proposal focuses on downhill mountain biking trail development. Statewide we have few trail systems providing this kind of riding experience, a lack that is especially evident in central Oregon. I travel all over the PNW to ride and race downhill mountain bikes, and it'd be wonderful to have a destination closer to home.

Thank you for your consideration.

- Sean
