Comments: I oppose the East Crazy Inspiration Divide Land Exchange because there is zero benefit to the public,

with emphasis on the word zero. There are at least 12 reasons to oppose this exchange, I'm sure will be addressed by other individual comments. I chose to focus on (in my opinion) the most important reason for opposition and that is the proven bad actor, the Yellowstone Club.

One only needs to look at the degradation of the Custer Gallatin Forest at Big Sky, Moonlight Basin and the residential area the Yellowstone Club.

The Yellowstone Club's lack of commitment to promises to protect the land, water and wildlife is painfully evident in the destruction of those resources, and the Forest Service sadly is complicit.

Plainly speaking, Montana and the country doesn't need another wealthy enclave at the expense of our public lands and resources. Again, I strongly oppose this land exchange.

Thank you for allowing me to express my opinion.
