First name: Danielle

Last name: Caruso

Organization: Central Oregon Trail Alliance

Title: Board Member

Comments: Hello! I greatly support the Lemon Gulch initiative in the Ochoco Mountains in Central Oregon. As an avid mountain biker and community member, we are in need of downhill trails in the region. After great assessment and environmental consideration, increasing trails with the Lemon Gulch project would offer greater access for the community with very little negative impact. The mountain biking community is respectful and grateful for this project. Thank you.
