Comments: This land exchange is similar to the Holland Lake deal that was proposed by an out of state corp. Why would the USFS give up miles of fishable streams, high quality, low-land wildlife habitat for lesser land, loss of public hunting and angling, loss of water rights, lost access to two important trails, loss of 40 acres of wetlands and giving up 100% of the mineral rights.

I hope like the Holland Lake deal that the USFS will say NO to this land exchange. This is not a good proposal for the citizen of Montana, hunters, fishermen, and users of USFS land.
