Title:

Comments: Hello,

My name is Patrick Baird, I am a public high school science teacher and raft guide residing in Northeast Oregon. I have spent a lot of time in the South Fork Salmon drainage and downstream on and around the Salmon and Snake Rivers. I have been opposed to this project since I first learned of it in 2018. I would like to request an extension to the comment and review period for the revised draft eis. With how busy the holidays are, there is simply not enough time to accurately and thoroughly assess the eis before January 10. Thank you for your time.
