Comments: I want to mention my support of the East Crazy Inspiration Divide Land Exchange #63115.

If the U.S. Forest Service and the coalition is successful in this land exchange, it will be an amazing win for public access into unused land in the Big Sky area as well as the Crazy Mountains.

This land can be used for multiple winter and summer sports and will improve the quality of life for residents of Big Sky.

Please approve this Land Exchange.

Thank you.

Sincerely,
