Comments: To whom it may concern:

I am writing in support of the proposed Lemon Gulch Recreation Area. This is an all around fantastic idea where the benefits greatly outweigh any challenges. In addition to the recreational benefits for all users, it will bring in lots of money to the Prineville economy. I travel to Prineville to ride every year and always spend money at the local restaurants and stores. The health benefits are huge as well. With access close to town local community members(kids especially) will have easy access. I works with kids and know first hand the importance of exercise and how it helps kids in all areas of their lives. I know change can be tough and the unknown is never certain but I strongly feel this project is a big win for everyone. It has low impact on the environment, increases money into the economy and promotes a healthy lifestyle and outdoor recreation. Please approve the Lemon Gulch Recreation Area.

Thanks for you time, I greatly appreciate it.
