Comments: I am in favor of the East Crazy Inspiration Divide Land Exchange#63115. Who is responsible for the maintenance of the Half Moon Campground and Sweetgrass Canyon (Rein) roads after the exchange? Will the USFS have a maintenance budget?

Are there any provisions for limiting subdivision of lands with newly created private access along public roads (conservation easements , citizen initiated zoning, etc) so that the rural character will be maintained to enhance the aesthetic/spiritual qualities of these special island Mountains?

Thank you.
