Dear Slater Turner and USFS,

I am writing in opposition to developing the Mill Creek Lemon Gulch area into any special interest groups needs. I am a mountain biker and know there are many, many places to ride in Central Oregon. Places with all levels of biking needs and wants.

Traffic on Ochoco Highway & Millcreek Road is already terrible. In addition to Mountain Biking, I often walk with a friend that lives in that area.

Because of the already large amount of traffic, it has become increasingly dangerous, as people are trying to pass a slow vehicle on this single lane narrow highway. Same for Millcreek road. The addition of bike traffic, will increase the danger too much! Please do not approve this and destroy the beauty of this area that is close to town making it more desirable for everybody to use for any recreation they choose. Please keep it the same. Thanks for listening and please preserve our forests.

Thank you,

Janie Crist
