Comments: Dear Ochoco National Forest management team,

I am in support of the Lemon Gulch Trail System, specifically Alternative 2.

As a mountain biker, hiker and former Central Oregon resident, I see a critical need for trail expansion in the area. Use is constantly increasing and with it, so should trail networks.

This trail will not only support locals, but also bring tourism to the area. Outdoor recreation has become one of the largest and a very economically impactful keystone of the American economy. This is great opportunity to increase sustainable visitation to the Ochoco National Forest, but also support the surrounding economies.

Thanks for you consideration,

Sincerely,

Jonah Grubb
