Comments: I am totally against allowing hoards of people with their bikes to come over to Crook County and destroy the forests for their recreational pleasure. There are already many other places throughout the state for bikers and hikers to ride and hike without destroying our forests and over running our county with too many vehicles, people and bikes, etc. I left the more populated West side of the state to get away from the hoards of people that have taken over the natural areas there. Now they want to come over to Crook County and ruin our forests and natural habitat here. Enough is enough!!!!!! Bikers, vehicle parking areas, etc, will take a drastic toll on our wild life that call our forest home as well as destroy the Eco System over time. BAD IDEA!!!!!! NO!!!!!!
