Comments: Please be advised that we do not agree with your proposal East Crazy Mountain land swap.

We are in agreement with the Guest Opinion as written in the Billings Gazette of 12/18/2022. You are caving to the rich.

Connie and I and many friends always look forward to our back country trekking in the Crazy Mountains.

We love these unique mountains so we object to your land swap deal with the Yellowstone Club .Preserve the Crazies for us Montana citizens.

Thank you for your attention.
