Comments: Don't do it! Montana is the Last Best Place for a reason, and getting rid of public land for your own gain is certainly not it. This BS is happening literally everywhere else, don't let it be here. I want my kids to grow up in beautiful state, as unmarred by the scourge of humanity as I can possibly make it. Since so many generations before yours and mine has dropped the ball, it is up to us to protect these beautiful mountains, vast forests, and sprawling wilderness areas. I don't know what it is you could possibly be doing with the land, but I don't care; it's not better than untouched and it never will be. If you're desperate for land, I heard Amazon just started building in Missoula, I wouldn't mind if you took over that plot instead!

Keep Montana for the Montanans, not whoever is shaking a fist full of dollar bills in your face.
