Title:

Comments: I support the creation of trails in/around the Lemon Gulch project area in order to; 1. Get more people outside recreating and enjoying this beautiful unique landscape. 2. Promote the safe/responsible management of these areas to reduce littering or other unlawful activities that degrade our forest 3. To bring tourism value to this area to help revitalize the surrounding areas and to promote other local social benefits 4. To create much needed diverse recreation/mt biking opportunities lacking in this geographical region.
