Title:

Comments: My family and I visit the Boggy Draw trail system almost daily, year-round. We bike, hike, snowshoe, and cross country ski on the trails and forest roads. In terms of the logging operation in the area, I support the reroutes of the trails proposed by the Southwest Colorado Cycling Association (SWCCA) as well as the new trail connecting Dolores town to Bean Canyon Trail (off CR 31). The new routes would give continued access to users and protect them during the logging project. I also support efforts to maintain as much shrubbery and tree growth as possible in the rerouting and any new or expanded parking areas.

This area is so personally meaningful for me and one of the major draws of living in the area. I support SWCCA and their dedicated volunteers to begin trail construction as soon as possible and encourage forest officials to do what they need to do to make that happen. Let's keep our forest and the Boggy Draw trail system as beautiful and accessible as possible during the logging project.

With gratitude for your understanding,
Jan Estep
