Title:

Comments: I am writing to endorse the proposed East Crazy Inspiration Divide Land Exchange project. I have ranched in Sweet Grass County for 40 years and I know that our fellow ranchers in the Crazies have worked hard to reach a compromise agreement on this project that will impact many. I believe the land exchange is a well thought out compromise to the issue of access in the region. Please accept this email comment as my support of the East Crazy Mountain Inspiration Divide Land Exchange.
