First name: Matthew

Last name: Bugni

Organization: AWARE Inc

Title: CEO

Comments: AWARE Inc serves several hundred people with disabilities in Butte/Silver Bow, people who otherwise would be inappropriately hospitalized or institutionalized. Clean water is essential to both the vulnerable population we serve and our approximately 200 employees in the community; the Basin Creek-Butte watershed is an irreplaceable source of water to this community. We encourage those that have the ability to maintain this watershed as a viable source to please continue to do so. Thank you.
