Comments: Please don't destroy the Lower 48's biggest wilderness. It is the lungs of the Northwest Rockies!

It is already golden!

This is damage at a time when no damage can be afforded.

Midas Touch is a myth, a farce. It is a curse on the land that has already been beaten and left damaged by greed.

Don't kill off the Salmon for God's sake! Economic future of Idaho requires balance and this goes too far, typing scales we cannot tip back. Save the fishing industry, the logging industry, the hunting and hiking industries. Save the backpack and fishing shops!

Get it right, this is so wrong!

IF YOU DON'T KNOW WHAT IS IN THE FRANK CHURCH WILDERNESS,

EMAIL ME: courtsmart@gmail.com

I WILL PERSONALLY SHOW YOU WHAT WOULD BE DESTROYED.

I WILL TAKE YOU TO SEE THE FISH, THE PICTOGRAPHS, THE RIVERS AND THE RANCHES. PLEASE PROTECT OUR ALL!!!!!!??

Thank you,

Courtney Modaff, 30 year Wilderness Guide

No Stibnite Mine!
