First name: Dwight

Last name: Johnson

Organization:

Title:

Comments: The Stibnite Gold Project must be rejected.

It puts The Frank Church River of No Return Wilderness and the East Fork of the South Fork of the Salmon River at serious risk of irreparable degradation.

The last venture this precious area needs is more toxic mining and plunder.

It is essential that the Forest Service deny a permit for the Stibnite Gold Mining Project. Instead, the Forest Service should require Perpetua to complete the cleanup of the existing mine site.
