Title:

Comments: I am asking the Forest Service to deny the mine permit and require Perpetua to finish cleaning up the mine site.

I have been on the Frank Church-River of No Return Wilderness at risk and the Middle Fork of the Salmon that have endangered species such as salmon, steelhead, and bull trout.

Increased mining is not acceptable to our environment sustainability. Perpetua needs to also clean up the past mine site to protect our environment.

Please deny the one permit.
