Comments: One more example of a Federal agency gone amok in deference to a business demanding access to a Wilderness in fact managed for the benefit of all our citizens. i cannot think of a better example of wilderness put to good use for it citizenry. Fishing, boating, just outdoor enjoyment, Naby of our forefathers , people like Teddy Roosevelt saw the benefit of places like these. People need a Wilderness, a place to get away from urban sprawl for their mental health. Why put the interests of a few interested in only the profits, ahead of the rightful interests of the Many? Why Indeed?
