Comments: To Whom it may Concern,

I am writing to ask that you deny the permit for Perpetua Resource's Stibnite Gold Project and instead require Perpetua to finish cleaning up the mine site.

This proposed Stibnite Gold Project puts not only the famed Frank Church-River of No Return Wilderness at risk, but also the East Fork of the South Fork of the Salmon River and endangered species such as salmon, steelhead, and bull trout. And that is the last thing anyone should want...as this area does NOT need more toxic mining and associated impacts.

Deny the permit now.

Thank you,

Valerie
