Title:

Comments: The Stibnite Gold Project is wrong. Wrong for thee famed Frank Church-River of No Return Wilderness; wrong for the East Fork of the South Fork of the Salmon River and wrong for salmon, steelhead and bull trout.

The wilderness evaluation downplays the impacts of noise, wildlife disturbance and sediment pollution in streams within the Wilderness.

In addition, access to and activity in what are now quiet and lightly-visited places in the Wilderness will be impaired.

The Forest Service needs to deny the permit for Perpetua Resource's Stibnite Gold Project and require Perpetua to finish cleaning up the mine site.
